Classic Pro CP9i	6912211000
<ul style="list-style-type: none"><li>• Classic Pro air purifier is an electrical appliance for indoor use only. Take the necessary precautions to reduce the risk of fire, electric shock or injury.</li><li>• This appliance is not intended for use by persons (including children) with reduced physical, sensory or mental capabilities, or lack of experience and knowledge, unless they have been given supervision or instruction concerning the use of the appliance by a person responsible for their safety.</li><li>• Supervise children to ensure that they do not play with the appliance.</li><li>• Cleaning and product maintenance should not be conducted by children.</li><li>• Always disconnect the appliance from the power supply before maintenance.</li><li>• If your Blueair appliance is found to be defective, we will replace it with the same or a similar model at no cost, per the warranty terms. Please use caution attempting repairs yourself, as this presents the danger of electrical shock or injury.</li><li>• Ensure that the power cable and the power plug are not at risk of getting damaged.</li><li>• If the appliance is damaged or malfunctions, turn it off, disconnect it from the power supply and contact Blueair.</li><li>• The power plug must be firmly inserted in the power socket.</li><li>• When disconnecting the unit from the power supply, do not pull on the power cord, pull on the power plug.</li><li>• Use the power cable provided with your Blueair air purifier to plug directly and firmly into an appropriate, electrical outlet.</li><li>• Do not use an extension cord or a power strip. Refer to the rating label on your appliance.</li><li>• Do not alter the power plug in any way. If the plug does not fit into the outlet, contact qualified personnel to install the proper outlet.</li></ul>	

- Do not use the included power cord for anything else but the appliance.
- Do not allow objects to enter or block the air inlets and air outlets as this can cause electric shock or damage the appliance.
- Do not place any objects on top of or directly against the appliance.
- Do not sit on, stand, climb onto or hang from the appliance.
- Keep the appliance, including the power cable, at a safe distance from heated surfaces and open fire.
- Keep the appliance and power plug away from water and other liquids.
- Keep the appliance and power plug away from chemicals such as pesticides and deodorants.
- Place the air purifier on the floor or a stable surface to prevent tipping.
- Do not use the appliance outdoors or in wet environments such as bathrooms, laundry rooms or pool areas.
- Always turn off and disconnect the appliance from the power supply before moving the unit, changing filters, cleaning or carrying out maintenance procedures.
- Never clean with gasoline, chemical solvents, or corrosive materials as these agents may damage the air purifier.
- To reduce the risk of electric shock, this equipment has a grounding type plug that has a third (grounding) pin. This plug will only fit into a grounding type power outlet.

**WARNING:** RISK OF ELECTRIC SHOCK – These servicing instructions are for use by qualified personnel only. To reduce the risk of electric shock, do not perform any servicing other than that contained in the operating instructions unless you are qualified to do so.

**WARNING:** Skin or eye damage may result from directly viewing the light produced by the lamp in this apparatus. Always disconnect power before replacing the filter or servicing. The HINS Pure™ module can not be replaced.
