

Air Purifier

FPJ80EUW

Highlights

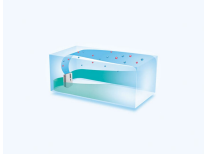

- An unique combination of air treatment technologies. Triple filtration system with Plasmacluster and Coanda effect Air Flow.
- High Density of air-purifying Plasmacluster ions (25 000 ions / cm³). The higher the PCI density is, the more effective PCI has.
- Plasmacluster Ion Spot mode
- Max airflow capacity without humidifying 480 m³/h
- Quiet operation (15dB(A))
- Pre-Filter + HEPA/Deodorizing filters- Up to 10 years usage after opening.
- Dust (Sensor detection sensitivity)/Odor/Humidity/ Temperature/ Motion/ Light sensors
- PM2.5 level/Cleanless/Dust/Odor/Wattage/ Humidity/Temperature/Timer Monitor display, Light

SHARP
Be Original.

indication: Plasmacluster/AUTOClean Ion
Shower/Plasmacluster Ion SPOT/Fan

Speed/Timer/Filter maintenance

- AUTO Mode: AUTO/Clean Air Shower/Plasmacluster ion
SPOT/Fan Speed (5); Plasmacluster ON; Child lock;
ON/OFF Timer

A special programme that when used will rid the room of allergens like dust and pollen for those of a more sensitive nature.

The display on Sharp air purifiers show detailed information about the level of pollution and humidity in the room.

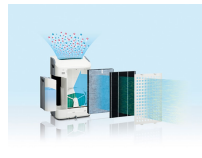

Sharp air purifiers have a higher than average air flow meaning they clean your air quickly and efficiently.

Due to the low sound levels in combination with a display that can be switched off, Sharp air purifiers are perfect for use in the bedroom, which provides clean air throughout the night while letting you sleep peacefully.

By accurately measuring humidity, dust, smell and temperature in a room Sharp air purifiers keep the air clean by adjusting automatically.

Sharp uses ions, that seek out and remove particles from the air, and an industry standard filter, good enough to be used in hospitals, to get the air in your home twice as clean as it would be otherwise.

Filters

Type	Air Purifiers
Application	Large room

Dimensions and Weight

Weight	10.6
Humidifying function	No
Tank capacity	N/A
Max humidifying capacity	N/A
Measures (W x D x H)	728 x 416 x 291

Sensors

Temperature	Yes
Humidity	Yes
Sensitive adjustment	Yes
PM 2.5 filtration	Yes
Dust	Yes
Odor	Yes

Key Features

Noise level in cleaning mode (high / med / low)	47 / 45 / 15
Floor space	62
Applicable floor space (without humidifying)	62
Inverter operation	Yes
Air purification system	High-density PCI generator (25000) and fan
Humidifying (mist) function	No
Max airflow capacity without humidifying	480
Plasmacluster ion modes	Yes
Fan speeds	6 (Auto / Pollen / Max / Med / Low / Sleep)
Adjustable louvres	Yes
Timer	Yes
Colour	White body, panel in gold

Other features

Clean sign indicator	Yes
Display ON/OFF button	Yes
Plasmacluster indicator light	Yes
Water tank indicator	No
Dust monitor - Other Features	Yes
Pre-filter	Yes

Deodorization	Yes
Humidifier's filter	No
True HEPA filter	Yes
Filter life: HEPA, Active Carbon filter	Up to 10 years
Humidifier's filter life	Up to 10 years
Voltage / Frequency	220-240 V / 50/60 Hz
Display	Yes
Shot off delay	Yes
Dust level indicator	Yes
Light	Yes
Motion	No
Clean Ion shower	Yes
Spot (PCI)	Yes
Pollen	Yes
Intelligent mode	Yes
Patrolling Function	No
Automatic operation based on sensors	Yes
Start delay	Yes
Standby power (W)	1.3
Child Lock	Yes

European Article Number

EAN Code

4974019152431
